63		112 channel software	ASZ153-01021900	2 255,81			10
64		120 channel software	ASZ153-01022000	2 395,35			10
65		128 channel software	ASZ153-01022100	2 534,88			10
66	Total net amount (GBP):						

* We suggest this option to use ABSONIC v2 as voice recorder with ABS-P SM remote control. This remote controller is found in the add-on price list. (remote controller not included in price).

** The delivery period may be modified depends on ordered quantity, stock and other conditions in the course of concrete ordering.

Net sum total will appear in the bottom of spreadsheet.

You must purchase the basic software in case of single-channel recording, because other options based on it.

All prices are net price, VAT is not included.

If you are not sure about how can you choose the appropriate options, write your questions to us with confidence.

1) Do not purchase the options in bold rows (1.,2.15.) in case of multichannel recording, because those includes.

2) Select one row only. Please consult with us when you would liket to purchase greater channel number than 128, because the price depend on a special agreement.
